

sailpuppy.com  [Info](#)

Prior to establishing our very own company, we worked in the yachting industry for many years, negotiating and booking yacht charters for thousands of happy, satisfied, return customers, same as you are becoming as clients of Sail Puppy. We also gained valuable experience in yacht maintenance and yacht crane lifting & hauling, thoroughly enriching our practical knowledge of where to look at for things that could potentially go south on a boat. Our extensive yachting experience includes having acted as client welcome agents for yacht charter companies, conducting detailed check-in yacht handovers and check-out returns, which taught us how a swell service ought to be provided and audited. We are qualified skippers ourselves, having amassed a rich sea experience and extensive client interaction feedback, giving us a unique sailing-holiday perspective from your point of view. We have been sailing since we were kids; we've been in and out of boats and yachts all our lives. We absolutely adore assisting people achieve a magnificent, unforgettable sailing holiday, irrespective of their budget; it's because we understand and solemnly respect how hard they've worked for it. Sail Puppy Ltd benefits from over 15 year' worth of experience in yacht charter.
